Missing Course Menu?

Are you unable to maneuver in your Bb course because your Course Menu is not visible?

1. Click on the small arrow to the left hand side of the page (see below).
2. This will "uncover" the Course Menu.

The screenshot displays a Blackboard course interface. At the top left, there is a "Home Page" link with a document icon. Below it is a grey bar with the text "Add Course Module". The main content area is divided into several sections: "My Announcements" (with a sub-section for "BIO201_76_SU11" and a link to "Begin Work on Chapter 6"), "My Tasks" (showing "No tasks due."), "What's New" (with a sub-section for "Announcements (1)" and "Content (1)"), "My Calendar" (showing "No calendar events have been posted for the r"), and "To Do" (with a sub-section for "What's Past Due" and "What's Due" with a date selector set to "09/13/2011"). A red arrow points to a small arrow icon on the left side of the page, which is used to toggle the course menu visibility.
