ROTC

The Department of Military Science is a cooperative venture between the United States Army and Colleges and Universities across the country. The program provides a Reserve Officer Training Corps (ROTC) program with the mission of commissioning students as officers in the Army upon completion of a baccalaureate degree. Classes are offered at Gadsden State in conjunction with the Jacksonville State University (JSU) Department of Military Science. The program provides students an opportunity to learn and practice

leadership skills necessary in society and as an officer in the Armed Forces. The emphasis of the program is on leadership development. Students are challenged to apply accepted leadership theory to practical situations. A theoretic basis of knowledge is developed through attendance in military science classes and courses offered in other academic departments. Satisfactory completion of the program may lead to a minor in military science. Courses are open to all registered, full-time GSCC students.

More information on those programs is available through the JSU ROTC Department at 256.782.5601.

ROTC Scholarships

Competitive scholarships are available to Gadsden State students upon transfer to JSU. Currently, scholarships cover the cost of tuition, fees, and books and provide a monthly living expense. Additionally, JSU provides selected student dorm fees. The Army National Guard and Army Reserve also offer

tuition assistance and other benefits in conjunction with ROTC. Students interested in scholarships or other assistance should contact the Department of Military Science at 256.782.5601 for specific details.

Student Government Association

The Student Government Association (SGA), a body of student representatives and officers elected by the students, is the coordinating body for student activities and special events approved by the College. Its purposes are to foster

interest and involvement in all aspects of college citizenship, to encourage involvement in important decisions affecting students, and to afford students opportunities for leadership development.

Student Organizations

GSCC encourages students to organize clubs for entertainment, recreation, networking, and community service, as well as for interaction and learning beyond the classroom experience. If students and/or faculty members wish to create a new club and if sufficient student interest in such a club exists to sustain the organization, the group must obtain a faculty/staff sponsor and approval of the designated college official. Following such approval, the group must

present its constitution or bylaws to the designated college official within a year of probationary status before it is recognized as a sustainable campus organization. Membership in a student organization can be restricted if qualifications are clearly spelled out in the bylaws of the club so long as these restrictions do not violate the College's policies on discrimination.
