

Planning to attend Cardinal Commit as a Walk-In?

If you did not pre-register to attend Cardinal Commit, you are still welcome to attend! To help you have a better experience, please review the helpful tips below.

What to do before Cardinal Commit

1. Connect with your **advisor** to determine which classes you should take this fall.
2. Make a **plan to pay** for your classes. Will you be using financial aid, scholarships, or will you be paying out of pocket? Our financial aid team will be available at orientation to answer any questions you may have.
3. Have your **official final high school transcript** sent to our admissions office. After your transcript has been received and processed, you will receive an email letting you know that you have been unconditionally admitted to Gadsden State. If you took the ACT, have those scores sent to us as well.
4. Complete **Cardinal Training** at this link: <https://gadsdenstate.libwizard.com/f/cardinaltraining>

Be sure to print or screenshot your certificate of completion.

What to bring to Cardinal Commit

1. Your **Cardinal Training Certificate of Completion**, which will let us know you can use your student logins and you're ready to register.
2. Any **advising notes** you may have from your advisor to help you build your schedule (class list, placement info, etc.).
3. Your **photo ID** (this will make getting your student ID easier!)
4. Your **vehicle tag number** (for your parking decal).
5. \$12 if you would like to purchase a **Cardinal Commit t-shirt** to show your new Cardinal spirit!
6. When you arrive at Check-In, proceed to the **"No QR Code" line** for same-day registration
