**President's
Welcome**

to

**Gadsden State
Community
College**

We invite you to examine our *Year in Review* as presented in the 2018-2019 FACT BOOK. This document describes our past year's performance based on selected measurements. It is a quantitative and objective picture of the College that allows you to compare our performance from year to year. Our employees and students understand the accountability model we adhere to as a way of making decisions to modify, create, and/or discontinue programs and services. We truly aspire to be the first choice in the minds of traditional age and adult students as they make decisions about pursuing a college education.

As an open door institution, we welcome all students to Gadsden State! We recognize that many students have financial barriers to overcome. Community colleges offer a springboard to the future by providing an affordable choice for students who want to attain credentials in a technical or professional field and immediately enter the workforce. We also have many pathway programs that allow students to begin their educational journey at GSCC and transfer to a four-year institution to complete a baccalaureate degree. We have a broad selection of programs that lead to jobs in northeast Alabama and beyond! Our course offerings are designed to satisfy any schedule with a wide variety of on-campus courses and online options that meet the needs of students.

The future of our communities is largely dependent on producing a qualified, well educated workforce that will respond to the demands of business and industry as we all work to create a robust economy and improve the quality of life for all citizens in our area. You could become a significant partner in creating the future of community college education! Take time to peruse our website. If you have questions, please contact us today! I look forward to hearing from you!

Mission Statement

Gadsden State Community College prepares students from all backgrounds for success through quality education, innovative workforce development, and inclusive community and global engagement.

Vision Statement

Gadsden State — Empowering students to succeed in a global environment

Employee Values

- Student Centric -- Accountability to the overall experience of every student
- Commitment to Learning – Lifelong learning through continuous growth and collaboration
- Integrity – Always do what is right and honest
- Customer Service – Meeting the needs of our customers through quality professional services
- Excellence – Pervades all aspects of our institution in pursuit of delighting those we serve

Institutional Goals

1. Provide educational opportunities that prepare students for successful careers in professional and career technical fields in an increasingly global environment, retrain existing employees, and promote local and state workforce development initiatives that meet employer needs.
2. Prepare students with foundational knowledge of general education core requirements, such as communications, humanities, social sciences, mathematics, natural sciences, and/or computer/technology skills, for certificate programs, associate degree programs, and successful transfer to four-year institutions.
3. Grow enrollment strategically by aligning educational offerings with market demands.
4. Maintain and expand a broad range of innovative technologies in the delivery of traditional and distance learning programs, student services, and state-of-the-art communication platforms.
5. Offer adult education, continuing education, and skills training programs that provide all students with opportunities to improve competencies, attain personal/professional goals, and promote career/college readiness.
6. Establish, maintain, and promote partnerships to respond to the needs of the community, improve education, and stimulate economic and workforce development.
7. Enhance student development and success through programs of faculty advising, academic support, and educational progression of degree and non-degree students, and through opportunities for social, cultural, and personal growth.
8. Foster a campus climate that respects diversity and creates a culture of inclusion evident in the delivery of programs and student services as well as in the recruitment of faculty and staff and the advancement of community relations.

History of Gadsden State Community College

Gadsden State Community College is a public, open-door comprehensive community college under the control of the Alabama Community College System. From 1925 to present, various institutions have merged to form the College as it exists today.

Founded in 1925, the **Alabama School of Trades** was the first state-operated trade school in the southern United States. In 1973, the name was changed to Alabama Technical College, and it is currently identified as the East Broad Campus of Gadsden State Community College.

The **Gadsden Vocational Trade School** began in 1960. In 1962, the State of Alabama assumed ownership of the school, and in 1972, it was renamed Gadsden State Technical Institute. The U.S. Department of Education designated this institution as a Historically Black College or University (HBCU) in 1997. It is now identified as the Valley Street Campus of Gadsden State Community College.

Gadsden State Junior College was established in 1965. It is presently identified as the Wallace Drive Campus of Gadsden State Community College.

The **Harry M. Ayers State Trade School** was created by an act of the Alabama Legislature on May 3, 1963. Later, in 1973, the Alabama State Board of Education designated the institution as a technical college. Harry M. Ayers State Technical College is now identified as the Harry M. Ayers Campus of Gadsden State Community College.

On February 28, 1985, the Alabama State Board of Education merged Alabama Technical College, Gadsden State Technical Institute, and Gadsden State Junior College. **Gadsden State Community College** was formed. On July 8, 2003, the Alabama State Board of Education merged Harry M. Ayers State Technical College and Gadsden State Community College.

In addition to these campuses, **Gadsden State Community College** operates the McClellan Center in Calhoun County, Gadsden State Cherokee in Cherokee County, and an instructional site at St. Clair Correctional Facility.

The Alabama Community College System has designated as the College's service area the following counties: Calhoun, Cherokee (all but northern one-sixth), Cleburne, Etowah, and St. Clair (northeastern third).

Southern Association of Colleges and Schools Commission on Colleges Mission and Purpose

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) is the regional accrediting body for Gadsden State Community College (GSCC). SACSCOC defines its mission as:

The Southern Association of Colleges and Schools Commission on Colleges is the regional body for the accreditation of degree-granting higher education institutions in the Southern states. The Commission's mission is the enhancement of educational quality throughout the region and the improvement of the effectiveness of institutions by ensuring that they meet standards established by the higher education community that address the needs of society and students. It serves as the common denominator of shared values and practices among the diverse institutions in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia, Latin America, and other international sites approved by the Commission on Colleges that award associate, baccalaureate, master's, or doctoral degrees. The Commission also accepts applications from other international institutions of higher education.

Accreditation by SACS Commission on Colleges signifies that the institution (1) has a mission appropriate to higher education, (2) has resources, programs, and services sufficient to accomplish and sustain that mission, and (3) maintains clearly specified educational objectives that are consistent with its mission and appropriate to the degrees it offers, and that indicate whether it is successful in achieving its stated objectives (SACS, 2018 p. 3).

Southern Association of Colleges and Schools (2018). *Principles of Accreditation: Foundations for Quality Enhancement*. Southern Association of Colleges and Schools Commission on Colleges: Atlanta, GA, p. 3. <http://www.sacscoc.org/pdf/2018PrinciplesOfAccreditation.pdf>

SACSCOC describes accreditation as:

- Participation in the accreditation process is voluntary and is an earned and renewable status.
- Member institutions develop, amend, and approve accreditation requirements.
- The process of accreditation is representative, responsive, and appropriate to the types of institutions accredited.
- Accreditation requires institutional commitment and engagement.
- Accreditation is based upon a peer review process.
- Accreditation requires an institutional commitment to student learning and achievement.
- Accreditation acknowledges an institution's prerogative to articulate its mission, including a religious mission, within the recognized context of higher education and its responsibility to show that it is accomplishing its mission.
- Accreditation expects an institution to develop a balanced governing structure designed to promote institutional integrity, autonomy, and flexibility of operation.

Southern Association of Colleges and Schools (2018). *Principles of Accreditation: Foundations for Quality Enhancement*. Southern Association of Colleges and Schools Commission on Colleges: Atlanta, GA, p. 5. <http://www.sacscoc.org/pdf/2018PrinciplesOfAccreditation.pdf>

Strategic Plan 2016-2019

Goals

Instruction

- **Expand & strengthen learning experiences that prepare a high qualified workforce, promote student success and drive the economic engine within the community, region and state.**

- Implement a comprehensive enrollment management plan by Fall 2016
- Expand online offerings by 10% annually
- Expand dual enrollment by 20% annually
- Explore, develop & propose one or two new programs annually
- Implement a unified college readiness plan by Spring 2017
- Identify, track, assess and improve key performance indicators of student success by Summer 2017 and annually thereafter
- Implement a GSCC master teacher recognition program by Fall 2016
- Develop & implement a faculty advisement program by Fall 2016
- Develop & implement a professional development series on customer service delivery for all employees by Spring 2017
- 30% of the faculty will successfully complete requirements of the GSCC master teacher recognition program by Spring 2019

Infrastructure

- **Create & sustain a collegiate environment that promotes learning, is sensitive to internal and external stakeholders and is student-centric.**

- Design & initiate implementation of a college-wide beautification plan by Spring 2017
- Develop a plan to accomplish critical renovation projects by Summer 2019 with renovations to be completed at one-year intervals
- Acquire & install a multi-service communication system by Spring 2017
- Evaluate structure, deployment of staff, work plans & quality of cleaning & preventative maintenance by support personnel by Summer 2016
- Install appropriate signage for all buildings to include the name and function of building by Summer 2017
- Develop plans and seek financing for state-of-the-art science/general education buildings to be constructed at the Ayers and Wallace Drive campuses by Summer 2019

Institution

- **Continuously improve to meet the needs and expectations of students, faculty/staff and the service area communities.**

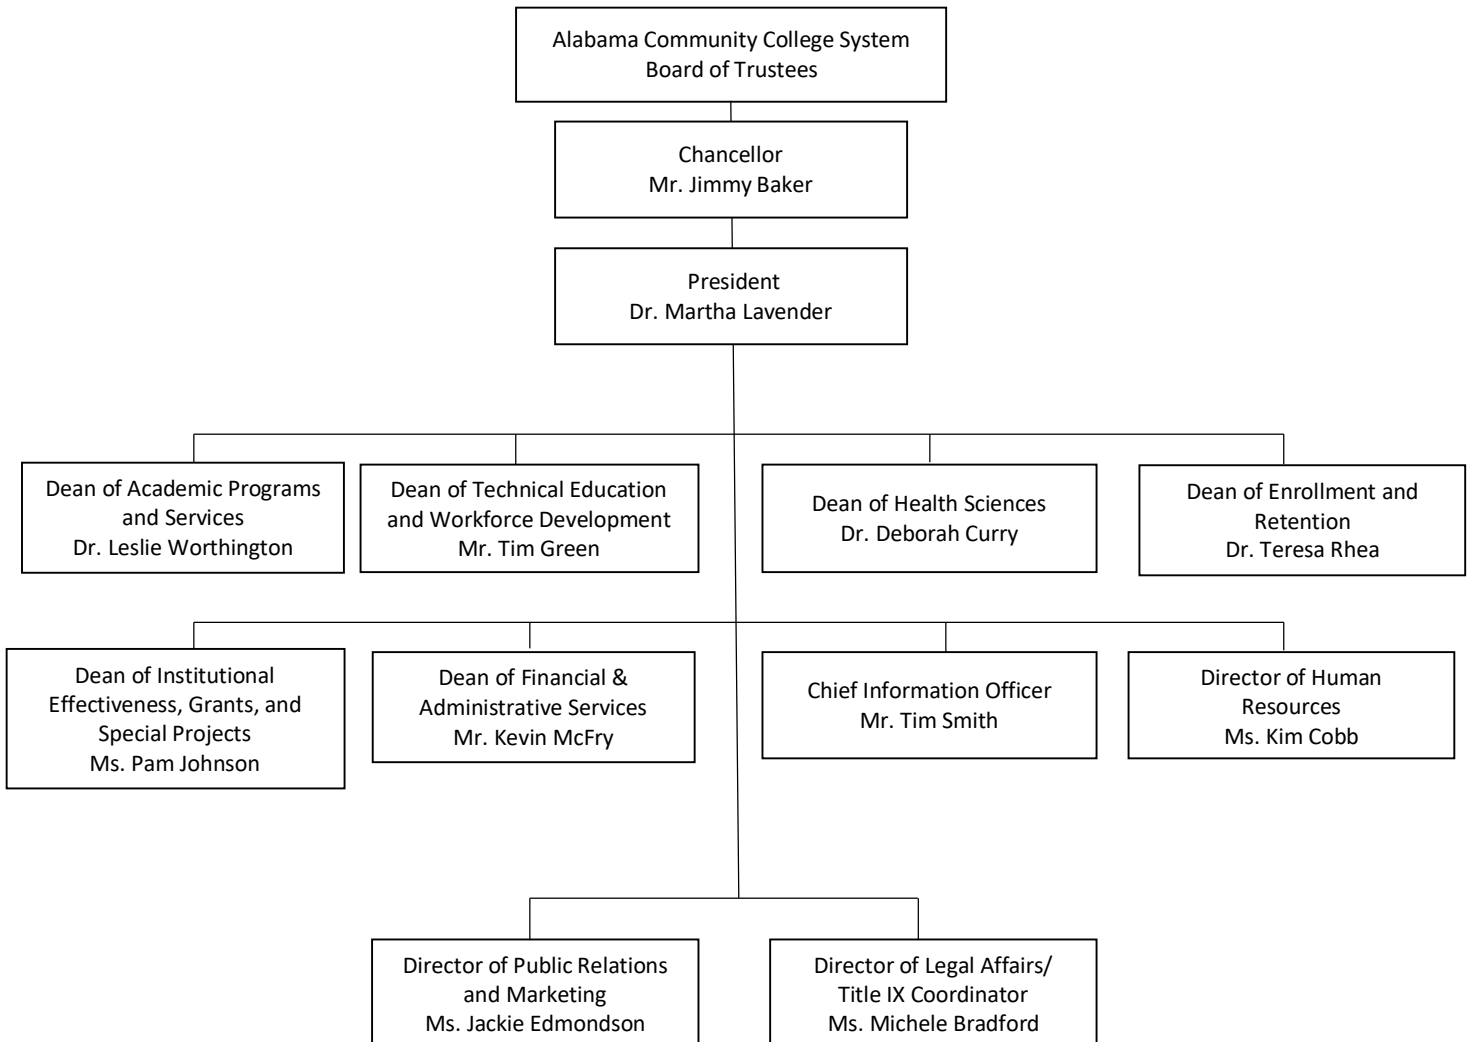

- Achieve and maintain accreditation/certification status where applicable
- Expand & enhance the GSCC professional development program for all employees that is timely & relevant, improves service delivery, builds a pathway for leadership succession and advances instructional delivery by Spring 2017
- Seek new sources of revenue from state and federal appropriations, grant opportunities and strategic partnerships with business and industry philanthropic groups (ongoing)
- Conduct systematic review of all programs/areas for relevance and long-term viability every five years

Objectives

Gadsden State Community College is an affordable, accessible, and comprehensive community college that prepares our diverse student population for success through quality education, innovative workforce development, and meaningful community engagement. We foster the development of lifelong learners by giving students the opportunities to develop skills that empower them to contribute to the social, cultural, and economic life of our communities, our nation, and our world.
